

Topcon Legacy WNRO Trade-In Promotion

Get Ready!

GPS Week Rollover (“WNRO”) will occur April 6, 2019 at 23:59:42 UTC. This is the 2nd event of its kind and will affect all users of GPS technology regardless of brand. The last WNRO event was in 1999 and the next will occur in another 19.7 years. For more information, see our previous DNews announcement of February 15 or visit <http://gpsrollover.com/>

The good news is all currently shipping receivers are WNRO ready and some software versions may need to be updated to accurately record time stamps. The majority of our previous receivers will be perfectly fine for another ~20 years with a firmware upgrade, available at no charge for registered users on myTopcon.com.

However, some of our old legacy products cannot be supported by firmware upgrade.

Effective immediately and until May 31, 2019, Topcon will offer a trade-in, trade-up allowance against the purchase of a current receiver. The following table lists the older product models, trade-in allowance per receiver, and recommended replacement product:

Model	Trade-in Allowance		Replacement Product
	Before March 29	After March 29	
Legacy E (Part # prefix 01-830xxx-xx)	\$750	\$500	MR-2
Legacy H	\$750	\$500	MR-2
HiPer Lite	\$1,500	\$1,000	HiPer VR
Sokkia GSR2700 ISX	\$1,500	\$1,000	Sokkia GRX3
HiPer GGD	\$1,500	\$1,000	HiPer VR
HiPer L1	\$750	\$500	HiPer SR
Map-R	\$750	\$500	MR-2
Odyssey E (original 160 board)	\$900	\$600	Net-G5
Odyssey RS	\$900	\$600	Net-G5
GMS2, GMS2 Pro	\$750	\$500	HiPer SR

Promotion Rules

- Promotion will run through **May 31, 2019**.
- Trade-in receiver must be received by Topcon within 30 days of end user invoice to receive credit. No exceptions.
- Trade-in receiver must be working and one of the above models.
